In particular, a Special Rule of the constitution defines who may be missionaries, on the advertisement, they will be continued until viz : " Such persons only as are in full communion with some church in our denomination; and who furnish satisfactory evidence of genuine piety, good talents, and fervent zeal for the Redeemer's cause.' Now, while under this rule the slaveholder has been, in his turn, employed as a missionary, it is not alleged that any other persons than those above deccribed, have been appointed. Moreover the important post of superintendent of the education of native missionaries has been assigned, with eniversal appropriation, to the pastor of one of our largest slaveholding churches.

> But an evil hour arrived. Even our humble efforts in the conquest of the world to God, excited the accuser of ovr brethren to cast discord among us; and in the last two Triennial Conventions, slavery and anti-slavery men began to draw off on different sides. How did the nobler spirits on each side endeavor to meet this? They proposed and carried almost unanimously, the follow explicit Resolution:

And this would seem the place to state, that our Northern brethren were dealt with as brethren to the last moment. Several of our Churches cherished the hope that by means of remonstrance and expostulation, through the last annual meeting of the Board of Managers at Providence, the acting Board might be brought to feel the grievious wrong they had inflicted. Packed up Humanity.- A Baltimore paper states, that information has been received in that city of a negro servant girl, belonging to Mr. Benjamin Ross, who has been missing for some time. It appears from the facts that have transpired, that she had been safely delivered in York, Pa., as per invoice, snugly packed away in a good size box a dapted to her dimensions. This is an entirely novel style of abducting slaves, we apprehend, and may serve as a caution to common carriers, as the same system might possibly be practised on a larger scale
